AERONAUTICS

Airports:
German airport building.....n*965
Report on airports by American Municipal Association 216
Airships:
Hindenburg burns at Lakehurst.n723, e718
Hangars:
French all-steel hangars have suspended plate roofs..... *49
Progress in airplane design.....e644
Air conditioning:
Central air cooling plant installed in Washington n571
Wichita, Kan., demand for cooling water exceeds underground supply... 746
Aluminum Company charged with monopoly n646
Aluminum Co. suit halted by court..... n82
American Association of Engineers:
Illinois assembly works for licensing.... 419
Terminology for engineers to be discussed 89
American Concrete Expansion Joint Co.:
Connection with company denied. V. L. Glover .....l 677
F. T. Sheets denies all charges..... 601
American Concrete Institute:
Building Code referred to at convention. R. R. Zipprodt .....l 490
New York City meeting.....340, e346
American Engineering Council:
Washington meeting n106
American Institute of Consulting Engineers:
Officers elected n242
American Institute of Steel Construction:
Sixth International Congress for Steel development cancelled n537
American Public Works Assn.:
Chicago Metropolitan Section meets at Waukegan n682
American Railway Engineering Assn.:
Chicago meeting 486
Chicago meeting and exhibit of National Railway Appliances Assn.....n*460
American Railway Engineering Assn.:
Time to reorganize.....e457
American Road Builders Association:
Convention to be in Cleveland.....n890
New Orleans annual convention...n68, 94
W. C. Slee joins staff.....n573
Washington meeting n841
American Society of Civil Engineers:
Elections to honorary membership....n*146
Louis C. Hill is elected president.....n*108
New York meeting..... 133
San Antonio meeting.....n647, 674
American Water Works Assn.:
Awards announced for June meeting...n316
Buffalo convention.....n*890, e898, 949
Convention to review flood lessons.....n422
Illinois section meets at Springfield.... 745
New Jersey section meeting hears reorganization plan n388, e384
Pacific Northwest section meeting...n887
Rocky Mountain section to form sewerage works group.....n109

AQUEDUCTS

Colorado River:
Canal lining completed..... 746
Capitalized cost of pumping..... 120
Concreting halted in desert section...n963
Contractors on intake and Gene Wash pumping plants halt work.....n685
Economic water conduit size. Julian Hinds *113, e140
Economic sizes of pressure conduits. Julian Hinds *443, e492
Gantry places heavy pipe.....*514
Gene Wash and Copper Basin dams (unit prices) *763
Invert concrete ponded by portable dam *923
Invert slip form for conduit sections.*564
Progress 182
Pump designs changed by laboratory tests. J. M. Gaylord..... *45
San Diego may import water through the All-American canal..... 908
San Jacinto tunnel progress.....*302
San Jacinto tunnel workers given wage increases.....n462
Welding practices for steel pipe.....*747
Delaware aqueduct:
Construction operations started..... *41
Shafts for aqueduct (unit prices).... 540
Imperial Dam—flat arched conduit uses collapsible forms *520
Arches:
Glued laminated arches checked for stresses. W. A. Oliver..... *82
Volume of intersecting arches. Joseph Seligman .....l 139
Asphalt Institute:
Office opened in Dallas, Tex..... 779
Associated General Contractors:
San Antonio, Tex., convention..... 306
Washington meeting.....n684
Association of Asphalt Paving Technologists: New Orleans meeting..... 231
Association of Highway Officials of the North Atlantic States:
New York City meeting.....n350

AWARDS

Franklin Institute awards medals to two civil engineers.....n885
Fritz medal awarded to Arthur N. Talbot n*147
J. L. Savage receives Gold Medal from Colorado Engineering Council.....n*350
Washington award presented to F. G. Cottrell n106

B

Beaches, see Shore protection

BEAMS

Beam deflections. J. D. Gedo.....l 529
Cooper's formula used in relation of span to live load stresses. R. E. McFee *716
Deflections of beams by moment-area. F. P. Witmer .....l 677
Depth of beams and trusses. S. Sergev.l 529
Determining beam deflections. F. B. Farquharson l*753
A. W. Fischer..l 274

BLASTING

Old bridge timber trusses dynamited without damage to new concrete span 271
Oregon City road widened by difficult rock blasting job. E. A. Collier.....*301
Pacific Highway widening necessitates blasting of concrete wall.....*769
Blueprint paper manufacturers charged with unfair practices.....n534

Standard practice in municipal accounting and financial procedure..... 622
Statically indeterminate stresses. Parcel and Maney 138
Supervision of construction operations. W. W. Beach..... 788
Theory of continuous structures and arches. C. M. Spofford..... 960
Theory of modern steel structures v. 1 determinate. L. E. Grinter..... 453
Theory of modern steel structures v. 2 indeterminate. L. E. Grinter..... 960
Water purification control. E. S. Hopkins 453
Waterway engineering. Otto Franzius 453
Wind-pressure on buildings. J. O. V. Irminger 599

BONDS

Chicago water bonds bring high price..n759
High surety bonds commissions. J. C. Tyler .....l 714
Thousand Island Bridge Authority.....n651
Triborough Bridge Authority issues bonds n651
Bowie, William, retires from Coast and Geodetic Survey n*70
Bricks and brickwork:
N.P.B.A. discusses paving practices... 234
Skid resisting surfaces for roads..... 870

BRIDGE ACCIDENTS AND FAILURES

Boston overpass bridge repair not to be paid by federal or state government.n570
California timber bridge failure caused by rot n*894, e898
Montgomery, Pa.:
Bridge damaged by flood collapses during reconstruction n933
Oregon bridge collapses.....n*721
San Francisco-Golden Gate bridge:
Accident investigations continue.....n349
Scaffold accident—localized stress in brittle material. T. J. Dolan.....l 714
Scaffold failure reviewed.....*377
Scaffold tested for defect.....*590
Texas bridge falls under load as equipment crosses n*605
Winnipeg, Man., Canada, bascule counterweight falls n646

BRIDGE CONSTRUCTION

Chicago Outer Drive bridge—sealing off water in pier sinking..... 716
Chicago Torrence Ave. bridge—erecting 56-ton sheaves *774
Concrete bridge costs. George Runciman .....l 103
Frazer bridge constructed with self-supporting reinforcing *270
Kenosha, Wisc. Lincoln Park Bridge features by rigid span of 146 ft. H. E. Bothe *127
New York City—Marine Park, Jamaica Bay bridge lift span floated into position n*109, e104
Paris, France—Iena bridge widened.....*522
Perade, Quebec, six-span continuous girder welded bridge. D. B. Armstrong *52
Progress of bridge engineering in 1936. Shortridge Hardesty 177
San Antonio, Tex. bridge features piles with drilled, reamed holes. J. W. Beretta *217
Trinity River, Calif. truss bridge erected by C.C.C. workmen.....*947
Welded girders on Livingston Manor (N. Y.) Bridge. O. M. Bloch.....*741
Wellpoints used in foundations for small bridges. La Motte Grover.....*877

BRIDGE DESIGN

A.I.S.C. design competition.....n279
American Institute of Steel Construction to award beautiful bridge prizes.n759
Chicago Outer Drive bascule bridge described *583; e602
Chicago's Outer Drive is supported on three column steel bents and designed for future lower deck.....*671
McDermott, Ohio, bridge abutments in which wings serve as counterforts. A. E. Wall *510
Port Angeles, Wash., measurements of slip in ring-connected timber joints...*717
Progress of bridge engineering in 1936. Shortridge Hardesty 177
Rio Choluteca, Honduras, bridge with a two span suspension structure. McCullough & Archibald.....*87
Rio Tamasulapa, Guatemala, suspension bridge for Pan-American highway has self-anchored eyebar cable. McCullough & Archibald.....*912
Riveted indeterminate bridges safer. Louis Balog .....l 859
San Francisco-Oakland Bay bridge traffic and approach problems. Purcell, Andrew & Woodruff.....*331
Seattle, Wash. Schmitz Park rigid-frame bridge. J. A. Dunford.....*939
Skew roadway on a right angle frame for New Jersey R.R. crossing. M. Hirschthal *55
Vierendeel truss bridges. A. Vierendeel l*345
Bridge floors:
Portland, Ore. Burnside Bridge's thin concrete floor wears little in 10 years. G. W. Buck.....*710
Skid resisting surfaces..... 870
Bridge lighting:
Drawbridge marker *466
San Francisco Bay Bridge lighting consists of sodium vapor luminaires. Purcell, Andrew & Woodruff....*467; e492
Bridge traffic:
San Francisco-Oakland Bay Bridge traffic and approach problems. Purcell, Andrew & Woodruff.....*331

BRIDGES

Arizona:
Timber highway bridges (unit prices), 800

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Baton Rouge:
Estimated costs for bridge.....n840
Belmar-Avon (N. J.) bridges:
Cofferdamming difficulties in narrow tideway. E. R. Albertson.....*729
California:
Highway bridge (unit prices)..... 800
250 inadequate highway bridges found.n685
Chesapeake & Ohio vehicle bridge:
Kentucky to purchase bridge.....n725
Chicago:
Lakefront boulevard link. H. E. Young *546
Outer Drive bascule bridge.....*583; e602
Outer Drive bridge progress..... 189
Outer Drive bridge—sealing off water in pier sinking..... 716
Outer Drive is supported on three column steel bents and designed for future lower deck.....*671
Progress of bridges..... 189
Torrence Ave. bridge over Calumet River—erecting 56 ton sheaves.....*774
Dix River, Kentucky:
Unusual appearance for highway bridge. E. D. Smith.....*339
Estacada, Ore.:
Dynamiting old timber trusses adjacent to new concrete span.....*271
Frankfort, Ky.:
Kentucky River bridge (unit prices). 539
Frazer River bridge:
Self-supporting reinforcing in concrete girders *270
Fredericton, N. B.:
Bids called for new bridge.....n533
Glendale, Calif.:
Vierendeel bridge costs..... 601
Jackson, Miss.:
Pearl River bridge to be constructed.n857
Kansas:
Wellpoints used in foundations for small bridges. La Motte Grover....*877
Kenosha, Wisc.:
Lincoln Park concrete bridge with rigid span of 146 ft. H. W. Bothe.*127
Kincardine-Forth, Scotland:
Drawbridge closing controlled by photo-electric cells 923
Fabric-lined concrete forms. J. G. Brown 1923
Livingston Manor, N. Y.:
Welded bridge girders built on 70-ft. span. O. M. Bloch.....*741
London, England:
Chelsea bridge takes shape.....n*315
Waterloo bridge details announced.. 400
Marine Parkway bridge:
Last span placed.....n*856

TUNNELS
Baltimore water tunnel progress. 182
Baltimore water tunnel to be constructed n36
Cascade Mountain tunnel:
Proposal to build tunnel revived. n855
Chicago railway tunnel:
Tunnel not taxable. n893
Colorado River aqueduct:
San Jacinto tunnel workers given wage increases n462
Delaware tunnel approved by N. J. legislature n686
Fort Peck:
Penstock lining. Capt. A. W. Pence. *693
Trash rack n*462
Japan begins work on railway tunnel. n107
Moffat water tunnel:
Progress 182
Mono Crater Tunnel:
Belt conveyor jumbo used for lining tunnel *521
Concrete aggregate warmed by steam heating plant *273
Los Angeles develops a new water supply *285, e310
Progress 182
Montebello water tunnel, Baltimore (unit prices) 611
New York City:
Battery-Brooklyn tunnel authorized. n722
Battery-Brooklyn tunnel plans completed n351
Crosstown tunnel funds requested from PWA n35
Lincoln (Midtown):
Blasting accident n851
Contract awarded for second tube. n241
Description of design and construction of tunnel. *901
Second tube started. 545
Speed record in driving first tube *955, e936
Manhattan-Richmond tunnel urged. n317
Midtown tunnel named Lincoln. n650
Queens-Midtown tunnel:
Authorized n722
Bids for major contract advertised. n568
Bid for tube and shaft construction. n840
Progress 190
Setting timber frames. n*387
Railroad freight tunnel under the Bay found uneconomical. n924
New York Sewer tunnel:
Holed through n857
Rotterdam, Holland:
Vehicle tunnel under Maas River. n349, *784. ..... e790
San Francisco Golden Gate Bridge tunnel approach n*928
San Jacinto tunnel:
Progress of the tunnel. *302
Typhoid fever:
Saving lives e420

John C. Page named to head reclamation n*144
U. S. Civil Service:
Attracting better candidates for civil service tests 326
U. S. Chamber of Commerce:
Construction recovery problems studied. n682
Program for meeting. n696
U. S. Coast & Geodetic Survey:
Elevation should be put on benchmarks K. T. Roberts. 1 139
Elevation on bench marks. Hawley, McDowell, Brown 1 274; correction. ... 309
Report on basic control surveys. n497
San Francisco Bay tidal currents resulting from World's Fair island to be studied n761
Seismic survey program extended into Montana *89
U. S. Dept. of Interior:
Appropriation bill passed by House. n792
U. S. Government:
Opposition to president's plan for reorganization of departments. n108
U. S. Navy Yard:
Model basin bids asked. n759
U. S. Treasury Department:
Staff reduced n724
U. S. War Department:
Appropriations bill hearings. n724
Appropriations for flood control, river and harbor improvement. n892
Southwestern Division established at Little Rock, Arkansas. n721
U. S. Weather Bureau:
Appropriation increased n841
University of Kansas:
I. C. Crawford to head engineering school n724
University of Maryland—receives two libraries n651

Walls:
Cleveland's leaking filter tank protected from frost by heated air space. Marshall & Whitmore. *294
Wason, Leonard C., concrete expert, dies. n685
WASTES, INDUSTRIAL:
Current notes on sewage disposal, Willem Rudolfs. ... 102, 272, 442, 598, 713, 920
Economical treatment of paper mill waste 835
Water consumption:
Kansas City benefited by waste water survey 821
Waste water surveys increase efficiency and income. E. K. Wilson. *819
Water mains:
Cleaning water mains. Clinton Inglee. *822
Motor car for inspecting inside of 36-in. water main. Howard Wait. *296
WATER METERS:
Danvers, Mass. maintenance aids for water works. R. W. Esty. *824
Meter maintenance. C. A. Gallagher. ..*816
When the customer complains. L. A. Smith *833
WATER POLLUTION:
Barkley pollution bill introduced. n106, e104
Belleville, Ill. ordered to stop sewage pollution of streams. n388
Boston Harbor pollution increasing and sewage disposal facilities should be extended 292
Boston considers building long aqueduct. n243
Colorado to check pollution of stream within the state. n32
Dallas, Tex. stricken with diarrhea epidemic n648, e645
Legislation against stream pollution. ... e754
Montreal sued for river pollution due to delay in construction of sewer. n106
National Resources Board urges federal pollution aid n670, e566
New Brunswick sewage plant aids Raritan River clean-up. D. M. Vail. *751
Ohio pollution control commission appointed 804
Potomac River conference. e456
Potomac state officials meet to consider river basin laboratory. n494
Southern sanitation improvement program *872
Stream pollution hearings held. n496
Vinson stream pollution bill passed by the House n647
